

Half Moon Investigations Eoin Colfer

Half Moon Investigations Eoin Colfer - Half-Moon Investigations is my favorite by Colfer so far. Some were disappointed by how different it was from Artemis Fowl, but that is exactly what was enjoyable for me. He moves from science fiction to something much more down-to-earth. The humor in this book is great. Its perfect for reading aloud. Eoin Colfer could get such a reaction with his Artemis Fowl series, and once more his new young hero Fletcher Moon aka Half Moon is as interesting and as funny, even if he does not mean to be. Half Moon Investigations is the story of a 12-year old who considers himself a serious detective. Half-pint schoolboy and fully qualified private investigator. Since graduating online, he has solved all sorts of minor mysteries at school and at home. It was only a matter of time before things got serious. Eoin Colfer with the cast of Half Moon Investigations after touring the Scottish set Fletcher "Half" Moon (Rory Elrick) is the main character of the series. Most of the show is shown through his eyes.
